

Serger Club 2017

January: Raglan sleeve top—working with knits and coverstitch as you learn how to create a fast simple raglan sleeve top.

February: Diamond Apron—making tubes, straight seams without puckers and pull.

March: Flannel is fun, fast and easy elastic topped flannel jammie pants.

April: Working with Faux Leather. Great boho bag for your next trip to the city.

May: fabric basket, perfect for your first summer outing, learn to pivot around corners.

June: quilting is easy on the serger, make a gameboard for checkers or chess and see how easy it is to accurately piece on a serger.

July: Working with lightweight fabric and rolled hems as we make a light summer wrap

August: Stretch Dress, find out how to get flat seams with stretch

September: Towels into bibs with decorative thread finished edges

October: Wrap around skirt

November: Working on tree skirt. Decorations come out for Christmas soon enough. Prepare those presents now. Make that special tree skirt this year for that very special Holiday meaning. Add binding and practice your curves.

December: Make a chair bow to decorate your dining room this holiday season. Working with lame can be interesting but very rewarding.

Class topics subject to change. Join for a year, half year, or pay as you go. We strive to help you build confidence in your embroidery machine by introducing new skills, fabrics and techniques, as well as giving you the opportunity to play with your machine on a regular basis.

Embroidery Club 2017

January: Working on Paper, gift card—made a beautiful card using watercolor cardstock and redwork designs. See how to embroidery and finish the card for giving.

February: Felt, Plastic and decorative stitches, combined in the hoop for a beautiful Valentines candy owl or heart card

March: Battenberg Lace—beautiful lace using cotton threads!

April: Embroider through Fabric & Batting, multiple hoopings to complete one project. In the hoop, Letter Holder.

May: Smocking in the hoop, smocked insert—a great way to utilize the wonderful selection of decorative stitches and straight line accuracy of todays embroidery machines.

June: Simple embroideries with color changing thread for spectacular summer projects adding great interest to simple designs. Vintage circus table topper.

July: Puffy foam for 3-dimensional effects

August: September: Mix 'n Match quilt Blocks, piecing in the hoop

October: Badges and patches, how to get finished edges and professional results.

November: 3D free standing flowers.

December: Installing zippers in the hoop. Zippered pouch.

Class topics subject to change. Join for a year, half year, or pay as you go. We strive to help you build confidence in your serger by introducing new skills, fabrics and techniques, as well as giving you the opportunity to play with your serger on a regular basis.
