

## Anita University 502

We're happy you're interested in experiencing 502: In the Hoop II with us! 502 contains all **new** projects. The designs are exclusive to this course, as are the detailed tutorials. For the first time ever with an AU class, there are exclusive videos. At the end of the 12 month course you get to take some of our educators home with you to continue the learning even after the course is over.

Some of the projects you'll work on in this course are fun decorative items you can use in your home such as Door Décor Welcome Signs, Cork Coasters, and tea towels using organza with our popular Watercolor Confetti. There are even designs for our furry friends with the ever-popular Pet Bandanas.

Just like in a movie, we don't want to give it all away before the course starts. We'll leave the best parts of 502: In the Hoop II for you to learn in class! We know you're going to love how this course unfolds with every new class. Enjoy the latest thrilling release from Anita's University - it's going to be a blockbuster!

Wayside Sewing will be offering AU 502 as a 12 month course so there will be no rush to finish a design, to need to absorb it all in a 1 or 2-day event; we will take our time and give each project, technique, tool the attention you and it deserves.

### EMBROIDERY Club Re-Imagined

June 2022 - May 2023. Join us for a year of learning with the Anita University program offered over the course of a full year. Each month will be a new embroidery project in the hoop designed to enhance your knowledge of tools, stabilizers, designs and so much more! Join for a year or come to just your favorites.

### How does it work?

Each month will be a new lesson from the Anita University In-The-Hoop 502 syllabus. You will get the design and materials to make the project, tips, tricks, educational videos and assistance from our own instructors.

**2nd Saturday**  
**10:30-12:30**

Sign-up for the year or pay as you go. At year end you will receive a copy of the Anita University 502 USB drive full of videos, instructions, all the projects from the year, along with a large selection of additional designs & projects to keep you embroidering long after the course is over.
